BLACKHAWK!™ CQD® WEAPONS CATCH – MARK I™ AND MARK II™

Created by tactical expert Duane Dieter, the CQD® Weapons Catch provides weapon security and retention while providing immediate access. Both the Mark I and II versions carry rifles, shotguns, sub-machine guns, tear gas launchers, non-lethal weapons, manual entry tools, and other special-use weapons. The CQD® Weapons Catch is used in two basic methods:

(1) Quick catch –

used for moderate physical activity or the necessity of a quick response.

(2) Retention catch –

used for intense physical activity or when total retention is necessary.

- Adjustable retaining strap for multiple weapon types
- The Mark II™ also includes a polymer hook for fast clip action and silent operation
- Ambidextrous and compact (one size fits all)
- Compatible with existing equipment systems

MARK I™

LONG GUN ACCESSORY PARTS

LONG GUN ACCYS

A BLACKHAWK!™ PRECISION TACTICAL BIPOD

- Telescoping legs quickly adjust from 7-10"
- 25 degrees of cant adjustment to compensate for unlevel surfaces
- Can be quickly deployed using the large paddle locks

- Legs lock securely in both open and closed positions
- Simple and straightforward design with common fasteners makes future customization possible
- Extremely durable polyurethane feet provide stable, skid-resistant contact points
- Quick, tool-free mounting and removal from Picatinny rails
- Strong, lightweight 6061 T6 aluminum with Type-III hard-coat anodize finish

71BP00BK Black

D BLACKHAWK!™ SWIVEL STUD PICATINNY RAIL ADAPTER

- Mounts to rifle's existing swivel stud
- Provides a Picatinny rail section for rail-mounted accessories

- Constructed of rugged 6061 T6 aluminum with Type-III hard-coat anodized finish
- Contains side swivel stud for continued use of sling

71RA00BK Black

E BLACKHAWK!™ AR-15 RIFLE QUAD RAIL FOREND 2 PIECE

- Replaces handguards with no modifications to the weapon

- Interlocking halves are secured using six screws for extra strength and stability
- Slim profile for a more comfortable, handguard-like feel
- Limited rotation push-button sling swivel attachment points are incorporated on left and right sides
- Unique vent hole design helps dissipate heat and reduce weight

71QF00BK Black

E NEW! BLACKHAWK!™ AR15/M16 SAME PLANE SIGHT APERTURE

- Direct replacement for M16A2-style dual aperture sights
- Both large and small apertures are on the same plane

- Compensates for lateral movement on the windage screw while switching between apertures
- One zero for both apertures with no point of impact shift
- Large (0.208" I.D.) aperture for quick sight acquisition in close quarters or low light
- Small (0.081" I.D.) aperture for longer, more accurate sighting of distant targets
- MIL-SPEC manganese phosphate finish

71SA02BK Black

C BLACKHAWK!™ AR-15 CARBINE QUAD RAIL FOREND 2 PIECE

- Replaces handguards with no modifications to the weapon

- Slim profile for a more comfortable, handguard-like feel
- Unique vent hole design helps dissipate heat and reduce weight
- Interlocking halves are secured using four screws for extra strength and stability
- Limited rotation push-button sling swivel attachment points are incorporated on left and right sides

71QF01BK Black

F BLACKHAWK!™ AR-15/M16 OVERSIZED TRIGGER GUARD

- Constructed of 6061 T6 aluminum
- Features matte, Type-III hard-coat anodized finish

- Enlarged guard allows quick trigger guard
- Designed to accommodate shooters wearing gloves
- Drop-in replacement of standard trigger guard

A BLACKHAWK!™ SHORT LOCKING RAIL PANELS

BLACKHAWK!'s Short Locking Rail Panel protects unused rail areas from damage while providing a gripping surface that shields the operator from weapon heat and sharp rail edges. Made of a tough, ridged polymer and using the patented Rail-Lok™ integral locking mechanism to keep them securely in place, these low-profile rail panels improve feel and weapon control. Sold in sets of two, these panels are perfect for use on those small uncovered rail areas next to mounted accessories.

- Fits most Picatinny spec rails
- Protects unused rail areas from damage
- Shields operator from sharp rail edges
- Offers superior heat management
- Stays secure with a patented integral locking mechanism
- Low-profile, aggressive grip surface for better weapon control
- Short versions cover 1.6" of rail each

71RP02BK **Black**
71RP02DK **Dark Earth**
71RP02OD **Olive Drab**

B BLACKHAWK!™ MEDIUM LOCKING RAIL PANELS

BLACKHAWK!'s Medium Locking Rail Panel protects unused rail areas from damage while providing a gripping surface that shields the operator from weapon heat and sharp rail edges. Made of a tough, ridged polymer and utilizing the patented Rail-Lok™ integral locking mechanism to keep them securely in place, these low-profile rail panels improve feel and weapon control. The medium version is perfect for 1/2 coverage on an AR-15/M4 Carbine length forend rail.

- Fits most Picatinny spec rails
- Medium Locking Rail Panel covers 3.2" of rail
- Protects unused rail areas from damage
- Shields operator from sharp rail edges
- Offers superior heat management
- Stays secure with patented integral locking mechanism
- Low-profile, aggressive grip surface for better weapon control

71RP01BK **Black**
71RP01DK **Dark Earth**
71RP01OD **Olive Drab**

C BLACKHAWK!™ LONG LOCKING RAIL PANELS

The Long Locking Rail Panel protects unused rail areas from damage while providing a gripping surface that shields the operator from weapon heat and sharp rail edges. Made of a tough, ridged polymer and utilizing the patented Rail-Lok™ integral locking mechanism to keep them securely in place, these low-profile rail panels improve feel and weapon control. The long version is perfect for the full coverage on an AR-15/M4 Carbine length forend rail.

- Fits most Picatinny spec rails
- Long Locking Rail Panel covers 6 3/8" of rail
- Protects unused rail areas from damage
- Shields operator from sharp rail edges
- Offers superior heat protection
- Stays secure with patented integral locking mechanism
- Low-profile, aggressive grip surface for better weapon control

71RP00BK **Black**
71RP00DK **Dark Earth**
71RP00OD **Olive Drab**

D BLACKHAWK!™ FULL COVER RAIL COVER

BLACKHAWK!'s Rail Cover protects unused rail areas from damage while providing a gripping surface that shields the operator from weapon heat and sharp rail edges. Made of Santoprene® and designed with a low-profile grip surface for improved weapon control, these rail covers clip anywhere on a rail without removing other attachments. They can be easily cut to size if a custom length is required.

- Fits most Picatinny spec rails
- Can be cut to size for a custom fit
- Protects unused rail areas from damage
- Shields operator from sharp rail edges and weapon heat
- Clip onto rails without removing other attachments
- Checkered texture and rubbery surface for improved weapon control

71RC00BK **Black**
71RC00DK **Dark Earth**
71RC00OD **Olive Drab**

A BLACKHAWK!™ ERGONOMIC GRIP

This ergonomically designed pistol grip with finger grooves is comfortable, prevents fatigue, and aids in controlling the weapon even when you wear gloves. The aggressive textured grip surface minimizes slippage and is virtually impervious to oils and solvents used on firearms.

- Fits most M16/AR-15 style rifles
- Integral rear upper extension supports the web of your hand
- Subtle finger grooves
- Rubber bottom plug with lanyard and storage compartment

71EG00BK **Black**
 71EG00DK **Dark Earth**
 71EG00OD **Olive Drab**

B BLACKHAWK!™ RAIL MOUNT VERTICAL GRIP

Enjoy improved weapon control and heat management with BLACKHAWK! Rail Mount Vertical Grips. Molded of high-performance fiberglass-reinforced polymer, these vertical grips feature redundant clamp screws for secure, reliable mounting and an adjustable fit to compensate for out-of-spec rails. The grip's O-ring sealed storage compartment is ideal for tools, batteries, or spare parts while the two different caps (included) allow for custom length.

- Constructed of high-performance fiberglass-reinforced polymer
- Improves weapon control and heat management
- Redundant clamp screws for secure, reliable mounting
- Adjustable to accommodate out-of-spec rails
- O-ring sealed compartment for tools, batteries, etc.

71VG00BK **Black**
 71VG00DK **Dark Earth**
 71VG00OD **Olive Drab**

C BLACKHAWK!™ LOW PROFILE RAIL COVER WIRE LOOM

Safely keep electrical wires out of the way with this 5-slot cover. It uses an integral wire loom to quickly and reliably secure electrical wires commonly found on remote pressure switches. The ladder-style cover offers rail protection, with little added weight and profile, to any Picatinny-style rail. Low Profile Rail Covers are made of Santoprene® to provide a low-profile, rubbery grip surface.

71RC01BK **Black**
 71RC01DK **Dark Earth**
 71RC01OD **Olive Drab**

D BLACKHAWK!™ LOW PROFILE RAIL COVER

Get complete rail protection with minimal weight with the BLACKHAWK! Low Profile Rail Cover. These rail covers are made of lightweight Santoprene® to provide a rubbery grip surface and can be easily cut to size for custom fitting. Each cover offers enough length for 18 rail slots.

- Fits most Picatinny spec rails
- 18 slots of length can be cut to size for a custom fit
- Ladder-style cover offers very low profile
- Protects unused rail areas from damage
- Shields operator from sharp rail edges
- Clip onto rails without removing other attachments
- Rubbery surface for better feel and improved weapon control
